# Welcome Note

Dear Colleagues,

On behalf of the scientific committee, it gives us great pleasure to invite you to the **"3rd International Oncology Conference"** which is planned to be held at Ritz Carlton Hotel in Abu Dhabi on **10th and 11th of September, 2015**.

Building on the overwhelming response on early detection and prevention of cancer during the previous two conferences, our endeavor is to highlight importance of screening, early diagnosis and prevention of cancer leading to successful treatment outcomes. Continuing the trend the theme for 2015 conference is "Navigating Cancer Care by Early Detection and Prevention.

In addition to talks from an elite roster of speakers, we hope to feature more than 40 proffered scientific lectures. We aim to bring top medical experts in the field of cancer screening and highlighting recent advances in breast, lung, cervical, colon and prostate cancers to the conference.

With over 600 participants, the second International Oncology Conference was held in 2014 at Abu Dhabi and was organized by VPS Healthcare and supported by Ministry of Health authorities with a multitude of international and national partners.

The 3rd International Oncology Conference will be one of the biggest international cancer summit ever held in UAE with the best scientific deliberations and eminent faculty from major cancer institutes across the globe. The conference will enable participants to implement the cutting edge cancer research and critical tools into their daily practice to fight and prevent cancer, making a tangible difference for their patients.

To make this worthwhile event a complete scientific experience, great care is being taken to design the plenary sessions and a wide array of topics to be addressed by a renowned faculty and distinguished experts from the field of Oncology.

We believe this is an excellent forum to network within the fraternity and the industry.

This conference is an invaluable learning experience that will provide you with the best of science, technology, research and education in the field of oncology.

We look forward to your participation and to welcoming you in Abu Dhabi.
